

“Logic IT Solutions” International company

LITS is an information and technology company operating in the international market.

LITS was created by the merging of a number of well-known companies such as Artibus, Artmobi, WhiteLord and AIRSplus, that had 10 years' experience in creating software for Web, and 5 years' experience in creating products for Android, iOS and Touch Screen platforms.

LITS unites the best experience, professionalism and business processes on the IT market.

Main specialization of LITS:

- Full cycle development of games on the Framework Unity for IOS, Android, Flash and Windows 8 platforms;
- Full cycle development of applications for IOS, Android, Flash and Windows 8 platforms;
- Creation of software on Ruby on Rails, C#, C++, Java, PHP, JavaScript;

READY SOLUTIONS:

- Development of web-projects of any complexity on Ruby on Rails, Java, PHP;
- Creation of cross-platform 2D and 3D games on Unity3D, including MMORPG, from initial concept to final publication of the product;
- Provision of full-cycle mobile application development for Android, iOS, Windows Phone;
- Establishment of eCommerce software on CMS Magenta;
- Recruitment of dedicated teams skilled in Java, PHP, Ruby on Rails, game design, game drawing; QA engineers, Unity programmers designed for your needs and requirements;
- Scaling your business via new representative offices in Eastern Europe.

ADVANTAGES IN YOUR PARTNERSHIP WITH LITS:**1. BEST PRODUCTS AT REASONABLE PRICES**

We create best quality products for a good price, due to the well-organized system of cooperation. Every product of Logic IT Solutions benefits from our technical support in the future, so that you can always get free advice.

2. SAVE YOUR TIME AND NERVES

Our experience in this sphere will help you save your time and protect you from stress. Through our 10 years' experience in the technologies mentioned, our team's professionalism will give you the optimal balance of time, quality and cost.

3. INVEST IN THE FUTURE

While ordering the product you can fix the price for further upgrades of your products. Any further upgrades of your products by Logic IT Solutions can be achieved at special discount prices which can be fixed in advance.

4. QUALITY DEDICATED TEAM

Offices in Eastern Europe are less expensive than the standard market price. You are free to opt for hiring a full or highly specialized dedicated team for Unity and Ruby on Rails projects that will let you save your money and expand the team's productivity while controlling the working process in any comfortable format for you, accommodating your schedule and language requirements.

5. EXPAND YOUR BUSINESS

Scale and develop your business by opening representative offices in Eastern Europe. We will assist you in opening your office in any country of Eastern Europe such as Poland, Bulgaria, Ukraine, Belarus, Russia. We take care of all the papers and taxation, and you don't need to pay the risky initial investment amount. For more information or questions please write us on office@logic-it-solutions.com.

QUALITY AND PRICE

Over 10 years' experience of our team and with back offices in Eastern Europe we guarantee the best quality at the optimal price.

EXPERIENCE OF OUR TEAM

Our team has experience in establishing and building its own products, understanding the whole process — we know how to take an idea and transform it into a product, and we know how to take that product and market it to the world.

Most of our projects are protected by NDA, therefore we are limited in sharing them to the public.
